WORK EXPERIENCE

CodeCollective IT Solutions: *Full-Stack Developer Intern*
07/2024 – 10/2024
- Developed an Information System for SK LYDO in Tupi, South Cotabato Philippines, enhancing administrative efficiency and enabling streamlined record management for local youth initiatives.
- Implemented a Sales Report feature in Polaris Rx Pharmacy's POS system using Jasper Reports, providing detailed and automated insights into sales performance for improved business operations.
- Developed a job app specifically designed for differently-abled individuals, making it easier for them to find job opportunities and connect with employers.

Full-Stack Web Developer (Freelance)
03/2023 – Present
- Developed custom web applications for clients, with a strong focus on academic projects. Worked with students to build capstone and thesis systems such as library, inventory, and scheduling tools. Delivered functional, easy-to-use solutions aligned with project requirements and deadlines.
